May 7, 2018

Subject: Southwest United approval for Textron Aviation (Wichita) parts

To all Atlas Aerospace Suppliers:

Textron Aviation in Wichita has notified us that Southwest United Industries is no longer on their approved supplier list for special processes. Southwest United is obligated to notify all customers impacted, but we are issuing this notification to all of our sub-tier suppliers to ensure timely awareness.

Effective immediately, please do not send any of our work for Cessna/Hawker/Beechcraft products to Southwest United Industries. Product that was processed by Southwest United prior to May 7, 2018 will be accepted.

To determine acceptable alternatives, you may search the Cessna and Beechcraft Special Process Suppliers approved list at <https://supplier.cessna.com/cgi-bin/index.pl>

If this affects any of your products – contracted to ship to an Atlas company – please notify your Atlas buyer as soon as possible to discuss schedule impact.

Thank you,
Keith Woodward
